

The lifespan of solar panels

Overview

How long do solar panels last?

Depending on the solar system you buy (quality), your energy consumption profile and the specifics of your roof (sun/shade), the payback can be as quick as 3 years or as long as 7. But, don't forget, once you have paid off the system you will be generating free electricity for many years to come. And good quality panels last 25 years or more.

How long does a solar module warranty last?
