Is solar a good investment in San Diego?

Solar can be a big investment. Our goal is to highlight companies best equipped to meet most San Diego residents' energy needs. Sunlux is a top-rated solar company with a range of equipment options. We also like that its 24/7 monitoring app lets you easily track your system's performance, and tech support is on standby if anything goes wrong.

What are the best Solar Lease companies in San Diego?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in San Diego.

Do I need a solar battery in San Diego?

No, you don't need to install a solar battery in San Diego. Solar panels can operate and lower your electricity bill even without a battery. However, a solar battery might be a worthwhile investment in some cases. A battery can provide backup power and priceless peace of mind in places with prolonged grid blackouts or extreme weather events.
