# Tuvalu mobile power station generator set

## Overview

---

What is hybrid power station?

For green living while ensuring stable off-grid power source, Hybrid Power Station integrates diesel generator set (gas generator set for optional), solar power, battery storage and hybrid solar inverter in one secure unit. It helps customers realize solar self-consumption, rate arbitrage and more importantly, power independence.

What is a prime power mobile power station?

" PRIME POWER" mobile power station contains vehicle-type and trailer-type. It can be used in outdoor operation, project repairing work, and emergency rescuing. As high-mobility power, it can response to the emergency quickly and reach the work site the first time needed, providing continuous stable power.

Why are mobile power stations so popular?

The unique and special design of vehicle-type and trailer-type gensets make the operation user-friendly. The production of large quantity of mobile power stations which have received the customers' recognition make its technology more mature.
