

Uninterruptible Power Supply Cabinet in West Africa

Overview

What is an uninterruptible power supply (UPS)?

An uninterruptible power supply (UPS) is an electrical device that filters your incoming power and protects your equipment from spikes, dips, surges, high/low voltages and blackouts. Various backup options are available and the period of backup time depends on the client.

Who owns a 30kVA tescom ups?

Venture Otto South Africa (Pty) Limited purchased a 30kVA Tescom UPS from Uptech in December 2007. The UPS has proved extremely reliable and has been well maintained by Uptech. I am very satisfied with the level of technical support and commitment from the Uptech team.

What size battery cabinets are available at PSS distributors?

Battery cabinets at PSS Distributors come in various sizes and can accommodate up to 40 x 12V 100Ah batteries as well as up to 8 x 12V 200Ah. Also available are movable battery cabinets and open battery stands. Our products provide power protection and backup power to all industries, including small-to-medium size businesses.
