

# **Victoria Grid-connected Energy Storage Power Station**

## Overview

---

How many large-scale storage systems does Victoria have?

Victoria has 12 commissioned large-scale storage systems and 3 in commissioning – with a total output capacity of 1028 MW and storage capacity of more than 1.7 GWh. Storage capacity = how much total energy is stored in each battery. Output capacity = how much energy a battery can provide at a given time.

How many energy storage projects are there in western Victoria?

In March 2018, 2 projects in Western Victoria were chosen to be part of The Energy Storage Initiative – one in Ballarat and one in Gannawarra. Construction for the Ballarat and Gannawarra Energy Storage Systems was completed in late 2018. Both batteries began operating over the summer of 2018 and 2019.

What is the Ballarat energy storage system?

The Ballarat Energy Storage System provides back-up power and grid stabilisation, vital to maintaining a reliable and affordable energy supply in Western Victoria. The Gannawarra Energy Storage System is located at the Gannawarra Solar Farm in Wandella, Victoria. The 25 MW/50 MWh battery is a Tesla Powerpack system.

Where is the Gannawarra energy storage system located?

The Gannawarra Energy Storage System is located at the Gannawarra Solar Farm in Wandella, Victoria. The 25 MW/50 MWh battery is a Tesla Powerpack system. It's jointly owned by Edify Energy and Wirsol Energy and operated by Energy Australia.

## Victoria Grid-connected Energy Storage Power Station

---

Origin secures grid-connection for 300-MW battery in Victoria

Nov 12, 2025 · The Mortlake battery energy storage system (BESS) is being installed at the site of Origin Energy's gas-fired power station near Mortlake under an engineering, procurement and ...

---

Victoria approves 2.2GWh of BESS via DFP

Nov 3, 2025 · The Victoria government in Australia has approved a 300MW/1,200MWh BESS in Gippsland and a 332MW solar PV power plant with integrated storage.

---

Victorian Big Battery

Jan 31, 2022 · The Victorian Big Battery is a 300 MW grid-scale battery storage project in Geelong, Australia which stores enough energy in ...

---

Victorian Big Battery

Jan 31, 2022 · The Victorian Big Battery is a 300 MW grid-scale battery storage project in Geelong, Australia which stores enough energy in reserve to power over one million Victorian ...

---

Origin Energy Mortlake Power Station Battery

Feb 1, 2024 · Origin Energy will construct a 300 MW / 650 MWh Grid-Forming Battery at Mortlake in Victoria. The Project will utilise SMA ...

---

Victoria Connects Major Battery to Boost Renewable Grid ...

Sep 28, 2025 · Briefing Australia has connected the Mortlake Battery Energy Storage System (BESS) in Victoria, a significant step in integrating more renewable energy into the national ...

---

Equis launches 1.6 GWh renewable energy hub

3 days ago · One of Australia's biggest battery energy storage projects has powered up with renewables developer Equis Australia confirming that the 600 MW / 1.6 GWh Melbourne ...

---

AusNet and Hitachi Energy enable Victoria's largest grid

Sep 26, 2025 · Supporting Victoria's Mortlake Power Station with two 500 kV, 180 MVA power transformers to connect a 300 MW / 650 MWh Battery Energy Storage System to Australia's ...

---

Origin Energy Mortlake Power Station Battery

Feb 1, 2024 · Origin Energy will construct a 300 MW / 650 MWh Grid-Forming Battery at Mortlake in Victoria. The Project will utilise SMA inverters and will be commissioned with grid-forming ...

---

Australian 150 MW solar, 250 MWh battery site gets connection ...

May 14, 2025 · Renewables developer Elgin Energy says it has secured a connection

agreement from regulator the Australian Energy Market Operator (AEMO) for a 150 MW solar farm and ...

---

Victoria Approves 2,200MWh of Battery Storage through ...

Nov 5, 2025 · The Victoria government in Australia has approved a 300MW/1,200MWh battery energy storage system (BESS) in Gippsland and a 332MW solar PV power plant in the state's ...

---

Batteries and energy storage projects

Sep 2, 2025 · The Ballarat Energy Storage System provides back-up power and grid stabilisation, vital to maintaining a reliable and affordable energy supply in Western Victoria.

---

Australian 150 MW solar, 250 MWh battery ...

May 14, 2025 · Renewables developer Elgin Energy says it has secured a connection agreement from regulator the Australian Energy Market ...
