

# Vienna Energy Storage Container Production Company

## Overview

---

RAG Austria AG is Austria's largest energy storage company, and one of Europe's leading gas storage facility operators. Is green hydrogen a central component of the Austrian energy transition?

Through this cooperation with RAG Austria, ENERGIEALLIANZ Austria is strengthening its commitment to green hydrogen as a central component of the Austrian energy transition. Press release | 01 July 2025.

How will energieallianz Austria contribute to the green energy transition?

From June 2025 until the end of 2026, the hydrogen plant will be supplied with three gigawatt hours of green electricity from 100 percent Austrian renewable sources every year. Through this cooperation with RAG Austria, ENERGIEALLIANZ Austria is strengthening its commitment to green hydrogen as a central component of the Austrian energy transition.

Where is the world's first hydrogen storage facility located?

In 2023, the world's first hydrogen storage facility was opened in an underground sandstone gas reservoir as part of the flagship project Underground Sun Storage 2030 (USS 2030) in the municipality of Gampern, Upper Austria. The project operation, consisting of two storage cycles, has been successfully completed. Press release | 16 May 2025
