

Vietnam Ho Chi Minh solar panel distribution and wholesale

Overview

Who makes solar panels in Vietnam?

Today, Vietnam hosts over 47 solar panel companies, including major international players like Longi Solar, JinkoSolar, and Canadian Solar, alongside emerging domestic manufacturers such as Bamboo Capital and Sao Mai Group.

Why is the solar panel industry growing in Vietnam?

Vietnam's solar panel industry is experiencing unprecedented growth, driven by rising energy demands and the country's commitment to sustainable development. However, challenges such as supply chain disruptions, regulatory hurdles, and the need for advanced technology adoption still impede its full potential.

How to choose a solar energy company in Vietnam?

As solar is becoming cheaper and more popular, choosing among the many solar energy companies in Vietnam is getting harder, especially so as each installer may offer you different packages, services and energy solutions. Finding the right solar installer for your roof is important in ensuring a hassle-free installation that you are satisfied with.

Why should you choose Vietnam for solar panel distribution?

Vietnam's strategic coastal position offers unparalleled logistics advantages for solar panel distribution. With 14 major ports including Hai Phong, Ho Chi Minh City, and Da Nang, Vietnamese manufacturers can efficiently reach markets across Asia, Europe, and the Americas with shipping times averaging 15-25 days to major destinations.
