

LOTWA SYSTEM

Vietnam Valley solar container energy storage system Manufacturer

Overview

Where is Trina Solar based?

Ho Chi Minh (08 May 2024) – Trina Solar, a global leader in smart PV and energy storage solutions, has been steadily ramping up production at its manufacturing facility in northern Vietnam, demonstrating its commitment to the local market.

Is Trina Solar a good choice for Vietnam?

“Trina Solar modules use dual-glass, useful for challenging environments like these where proximity to the sea means higher humidity and salt spray,” says Wang. “Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites,” she adds.

Is solar energy the right choice for Vietnam?

“Solar energy is the right choice for Vietnam because it's proven technology that can be quickly and readily deployed, even in challenging sites,” she adds. Vietnam's transition to renewable energy comes as the country's electricity needs continue to increase due to strong economic growth projected at 5-7% per annum over the coming years.

Does Trina storage have a battery energy storage system?

In energy storage, Trina Storage recently launched the 4.07MWh Elementa 2 battery energy storage system (BESS) that can fit inside a standard 20ft-long shipping container for easy transportation.
