

# **Vietnam solar Module Export Company**

## Overview

---

Who makes solar panels in Vietnam?

JinkoSolar, another international solar panel manufacturer, has a significant market presence in Vietnam. The company focuses on producing high-quality solar panels that offer exceptional reliability, performance, and durability. JinkoSolar's panels are widely used across Vietnam for residential, commercial, and utility-scale solar projects. 8.

Who makes bifacial solar panels in Vietnam?

Jolywood, a leading manufacturer of N-type bifacial solar cells and modules, has a significant presence in Vietnam. Their high-efficiency solar panels utilize advanced technology to enhance energy generation. Jolywood's products are widely adopted in large-scale solar projects, including solar farms and industrial installations.

Which countries export solar panels to Vietnam?

The United States represents Vietnam's largest solar panel export market, accounting for approximately 34% of total shipments valued at over \$2.8 billion in 2024. European markets, led by Germany, the Netherlands, and Spain, comprise another 28% of exports, benefiting from preferential tariff treatment under the EU-Vietnam Free Trade Agreement.

What is Vietnam's solar manufacturing ecosystem?

Vietnam's solar manufacturing ecosystem encompasses everything from raw material processing to complete solar panel system assembly, supported by both international corporations and innovative domestic companies. The Vietnamese solar landscape features a diverse mix of established international brands and rapidly growing domestic manufacturers.
