

# **West Africa Large Energy Storage Project Construction Unit**

## Overview

---

Who is constructing the energy storage unit?

The project is being fully developed by Africa REN while construction of the storage unit will be carried out by engineering company Eiffage Energie Systèmes RMT.

Which energy company is building a lithium ion battery storage system in Senegal?

Renewable energy company Africa REN has started construction of the Walo Storage project – a lithium-ion battery energy storage system situated in northern Senegal.

How will West Africa benefit from a solar power plant?

Furthermore, the project will include the construction of small solar photovoltaic plants, injecting 16 MW of solar energy into the grid while mitigating approximately 26,000 tons of CO2 emissions per year. The \$34.8 million battery-storage project serves as the first of its kind in West Africa.

How much money is being spent on Africa's new infrastructure project?

The \$34.8 million project is funded by Dutch development bank FMO and the Emerging Africa Infrastructure Fund (EAIF) through investment management company Ninety One and is expected to start operations in 12 months.

## West Africa Large Energy Storage Project Construction Unit

---

Africa REN launches construction of Walo storage, its pioneering energy

Jul 18, 2024 · Africa REN, a leading developer of renewable energy projects in sub-Saharan Africa, announces the commencement of construction of Walo Storage, an innovative lithium ...

---

Construction Starts at Walo Storage Project in ...

Jul 23, 2024 · The lithium-ion battery energy storage unit is the first battery-storage project in West Africa dedicated to frequency regulation and is ...

---

Walo Storage Project by Africa REN has commenced construction

Jul 18, 2024 · The Walo Storage project in Senegal, brought to life by our partner Africa REN, has commenced construction. Supported by SCAF, Africa REN develops, finances and operates ...
