

# West Asia solar Panel Franchise Manufacturer

## Overview

---

Which country makes the most solar panels in the world?

Asia remains the dominant player in solar panel manufacturing, occupying all the top spots. This insight comes from Wood Mackenzie's report, "Global Solar Module Manufacturer Ranking H1 2024", which analyzes over 38 solar module manufacturers from 11 countries.

How many solar module manufacturers are there in the world?

This insight comes from Wood Mackenzie's report, "Global Solar Module Manufacturer Ranking H1 2024", which analyzes over 38 solar module manufacturers from 11 countries. While the report focuses on the first half of the previous year, its findings offer a comprehensive look at the current state of the industry.

Who is the world's largest solar panel manufacturer?

With over 300 GW of solar modules sold to date, JinkoSolar has been the world's largest solar panel manufacturer for five consecutive years, thanks in part to its vertically integrated production capacity, spanning from wafers to modules. Following closely are LONGi Green Energy and JA Solar, ranked second and third respectively.

What is solar business directory?

Online solar business directory aimed at accelerating the adoption of solar energy, promoting companies serving the solar industry worldwide and helping solar companies, solar industry professionals and buyers connect across global solar energy markets. Get Listed & Grow your Solar Business. Find solar installers & suppliers in your local area.
