

# **What is Georgia s first energy storage power station**

## Overview

---

What is Georgia Power's 530-megawatt battery storage system?

Georgia Power breaks ground at the McGrau Ford Battery Facility in Cherokee County on April 4, 2025. This 530-megawatt battery energy storage system will consist of two phases, approved in the 2022 Integrated Resource Plan (IRP) and 2023 IRP Update. Courtesy: Georgia Power.

What is mossy branch battery energy storage system?

US utility Georgia Power has brought online its 65-MW/260-MWh Mossy Branch battery energy storage system (BESS), which is expected to improve the resilience of Georgia's electric grid. Located near Columbus, in Talbot County, the BESS will be operated as a standalone unit.

Is Georgia Power planning a 265 MW battery storage project?

Currently, Georgia Power is working on a 265-MW battery storage project, which it plans to commission by end-2026. A few months ago, it picked the locations for four BESS projects with a total capacity of 500 MW.

Where is Georgia Power's first grid-connected Bess system located?

In February 2024, Georgia Power installed its first grid-connected BESS, the Mossy Branch Energy Facility, a 65 MW system on a couple of acres of rural countryside in Talbot County, north of Columbus, GA. It was approved as part of Georgia Power's 2019 IRP.

## What is Georgia's first energy storage power station

---

### Launch of Georgia Power's First Grid-Connected Battery ...

Nov 9, 2024 · Georgia Power has celebrated the commercial operation of its first "grid-connected" Battery Energy Storage System (BESS) at the Mossy Branch facility. This system, with a ...

---

### Construction underway on 765 MW of new battery energy storage ...

May 8, 2025 · In total, 765 megawatts (MW) worth of new BESS will be strategically located across Georgia in Bibb, Lowndes, Floyd, and Cherokee counties.

---

### ADB Backs \$104 Million Push to Build Georgia's First Battery Energy

Apr 21, 2025 · ADB grants \$104 million loan to Georgia for its first energy storage facility, paving the way for green hydrogen and grid independence.

---

### Georgia Power Announces New Battery Energy Storage ...

May 12, 2025 · Georgia Power announced today that construction is underway on 765 megawatts (MW) of new battery energy storage systems (BESS).

---

### Georgia to Launch First Electricity Storage System with 355 ...

The storage system is expected to bring multiple benefits to Georgia's energy infrastructure. It will increase grid stability, reduce reliance on electricity imports, and address voltage issues ...

---

### Utility company announces next-gen facilities ...

Jun 5, 2025 · Georgia Power recently announced that construction is underway for four new battery energy storage systems in strategic ...

---

### Construction underway on 765 MW of new ...

May 8, 2025 · In total, 765 megawatts (MW) worth of new BESS will be strategically located across Georgia in Bibb, Lowndes, Floyd, and ...

---

### Georgia Power's first battery energy storage ...

Nov 9, 2024 · Georgia Power leaders joined elected officials from the Georgia Public Service Commission (PSC) on Thursday to mark ...

---

### Georgia Public Service Commission approves 500 MW of battery energy storage

Dec 5, 2024 · The 65-megawatt Mossy Branch battery energy storage system is Georgia Power's first grid-connected BESS. Courtesy: Georgia Power The Georgia Public Service Commission ...

---

### ADB Approves \$104M to Support Georgia's First Energy Storage ...

May 2, 2025 · Georgia's energy sector faces challenges from rising electricity consumption and

climate-related risks, such as changing precipitation patterns affecting hydroelectric power, a ...

---

#### Georgia Power starts first battery storage plant in state

Nov 11, 2024 · US utility Georgia Power has brought online its 65-MW/260-MWh Mossy Branch battery energy storage system (BESS), which is expected to improve the resilience of ...

---

#### Georgia Power starts first battery storage ...

Nov 11, 2024 · US utility Georgia Power has brought online its 65-MW/260-MWh Mossy Branch battery energy storage system (BESS), which is ...

---

#### Georgia Public Service Commission approves ...

Dec 5, 2024 · The 65-megawatt Mossy Branch battery energy storage system is Georgia Power's first grid-connected BESS. Courtesy: Georgia ...

---

#### Utility company announces next-gen facilities capable of ...

Jun 5, 2025 · Georgia Power recently announced that construction is underway for four new battery energy storage systems in strategic counties across the state to support energy ...

---

#### Georgia to Launch First Electricity Storage ...

The storage system is expected to bring multiple benefits to Georgia's energy infrastructure. It will increase grid stability, reduce reliance on electricity ...

---

#### Georgia Power Announces New Battery ...

May 12, 2025 · Georgia Power announced today that construction is underway on 765 megawatts (MW) of new battery energy storage ...

---

#### Georgia Power's first battery energy storage system reaches ...

Nov 9, 2024 · Georgia Power leaders joined elected officials from the Georgia Public Service Commission (PSC) on Thursday to mark commercial operation of the company's first "grid ...
